

### **D.A. Worksheet - Accomplishment # 1: Part I**

### What is the nature of this accomplishment?

Explain what YOU did. Give where & when information that shows it was beyond the "ordinary." If it was a group project, what was your contribution? Give enough background for the assessor to appreciate the depth and breadth of the accomplishment.

**Plan and Brainstorm. Make a Bulleted list:**

**Draft:** Use your bulleted list to describe what you did, when you did it, how long you did it. If you *were* part of a committee, what was your contribution? This is not an assessment of your project; it is a description of your personal actions in the 3 role categories.
